Oh I was born ? to be with you
I cannot get enough
From the moment, when I saw your face, my love
And I'll never it you go
Oh ever when I'm blue
And I promise, that I'll tell no lies to you
Cause I'll never. Never break your lonely heart
You're the reason for my feeling, don't tear apart

Chorus:

If I can't have you tonight
Oh I'll lose heaven, oh I'll lose my heaven
If I can't have you by my side
I'll close my eyes till seven, I close my eyes till sever

Don't be afraid of your lonely heart
I miss you more and more
Everybody needs someone to love, for sure
You're tearing down my paradise
But you can't stop real love
Words cannot express, I cannot get enough
Cause I'll never, never break your lonely heart
You're the reason for my feeling, don't tear apart

Oh you know y heart is crying
And I feel it is the end
My love is never dying
You'll always be my friend

Chorus
