If I Could Live Forever

If I could live forever
You need someone to love
Baby let's stay together
'Cause words are not enough

Baby, Baby you're no angel
And how many times we said goodbye
But Baby that is a different story
Can't you give us one more try
Baby, Baby I'm so sorry
But the time will heal the pain
I lay my cards here on the table
I'll never make you cry again
Oh don't Babe don't give up
There is someone, for a new start

If I could live forever
I'll be living with you
And I feel it's now or never
'Cause my love is true
If I could live forever
You need someone to love
Baby let's stay together
'Cause words not enough
