"Stay"

She's the grass on the other side
Caught her eye, had a smile
And a bottle of wine

Red lips, tight hips
She was out there to play
I was her game
And she saved the last dance for me

Forgive me for falling down
Forgive me for loosing ground

Refrain:
Stay, your love is everything
Save me from drowning
Come ease the pain Im in
Stay, your love is everything
For you id do anything
To make you stay
And she knows how to take you down
I should go, walk away
But I dont know how

Never thought in my life I would be untrue
Its so easy to say til it happens to you
So tempted by desire
Burned by fire
Swept away
