I never knew I was so desperate
To settle for a kiss and compliment
My heart is crazy playing Russian roulette
With one eye open

Woah woah

One minute then you're gone
And you think it's alright, alright
Your drive-by love is cold
Never gonna be alright, alright
What kinda drugs ya on?
How can this be alright, alright?
Your drive-by love is cold
Are we gonna be alright?

Don't wanna end up lonely with my cat
That's why I let you treat me just like crap
That's why I let you have the upper hand
Wishing an hoping

Woah woah

One minute then you're gone
And you think it's alright, alright
Your drive-by love is cold
Never gonna be alright, alright
What kinda drugs ya on?
How can this be alright, alright?
Your drive-by love is cold
Are we gonna be alright?

I need to know you're feeling something too
That I'm not just a girl you wanna use
Anytime you want
Anytime you want
Show me some love
Show me some love
Woah woah

Woah woah

One minute then you're gone
And you think it's alright, alright
Your drive-by love is cold
Never gonna be alright, alright
What kinda drugs ya on?
How can this be alright, alright?
Your drive-by love is cold
Are we gonna be alright?
