Line a mind
Ahh, mmm

Midnight times right making my move
Greatest night stand nothing to prove
Cool as ice cream shift in new clothes
Lay back lets play comatose

Don't you wanna shout (ugh)
Don't you think about (ya)
Don't have any doubts I'm needed (I'm needed)
Don't you wanna see, what will be will be (oh ya)
Won't get sick of me, I mean it

I'm coming on strong (Ooo won't let you)
I'm coming on strong (No one does it better)
I'm coming on strong (Oh oh yeah)
I'm coming on strong (I'm gonna get you)

Silver Mercedes drinkin' it slow
Champagne main line letting it flow
First impression A-Ok
Head rush coats are on their way

Don't you wanna shout (ugh)
Don't you think about (ya)
Don't have any doubts I'm needed (I'm needed)
Don't you wanna see, what will be will be (oh ya)
Won't get sick of me, I mean it (I'm needed baby)

I'm coming on strong (Ooo I'm gonna let you)
I'm coming on strong (No one does it better)
I'm coming on strong (Oh oh yeah)
I'm coming on strong (I'm gonna get you)

Time to make it
through it slowly
really naked
in and on me
On the floor
Or in the shower

Looking at my ass

Time to make it
through it slowly
really naked
in and on me
On the floor
Or in the shower
Looking at my ass

Ugh, mmmm

I don't care (what happens tonight)
Lets get down (won't put up a fight)
Sit back relax (I'll turn out the light)
Hold me in your arms (keep it nice and tight)

I don't care (what happens tonight)
Lets get down (won't put up a fight)
Sit back relax (I'll turn out the light)
Hold me in your arms (keep it nice and tight)
Ooo I'm gonna let you
No one does it better
Oh oh yeah
I'm gonna get you

I'm coming on strong
I'm coming on strong
I'm coming on strong
I'm coming on strong
I'm coming on strong
I'm coming on strong
I'm coming on strong
