Stumbled into some hiked up club
Shoulda walked straight out the door
Yearnin' guys and trippin' eyes all fall to the floor
Move my feet skip to the beat
But I can't dance to that
It ain't got soul no rock and roll
So I thought I'd write this rap (listen to this)

You gotta work it shake it move your ass
Follow my lead I'm sexy like that
Put your hands up bump it super cool
They don't teach ya that shit at Sunday school (no they don't)

Baby see me say hello (Ohh!)
Do you wanna flow (flow!)
Pop the bottle and let's go (go!)
We're gonna rock this disco (disco!)
When you seem funky now (ow!)
Shake your booty about (about!)
Fell my legs start to go (go!)
We're gonna rock this disco

Hold up, hold up!
(What?)
Nothing

Now you're really getting' it
Is it making you sweat? (c'mon)
Don't relax just place your bets
and I haven't stopped dancin' yet
Looking good, just like you should
Ya the beat has got you high

Count to ten come back again
Excuse me while I kiss this guy

You gotta work it shake it move your ass
Follow my lead I'm sexy like that
Put your hands up bump it super cool
they don't teach ya that shit at Sunday school

Baby see me say hello (Ohh!)
do you wanna flow (flow!)
Pop the bottle and let's go (go!)
We're gonna rock this disco (disco!)
When you seem funky now (ow!)
shake your booty about (about!)
Fell my legs start to go (go!)
We're gonna rock this disco (disco!)

La la la la la la la, la la la la la la
La la la la la la la, la la la la la la (muah!)

Baby see me say hello
Do you wanna flow
Pop the bottle and let's go
We're gonna rock this disco
When you seem funky now
Shake your booty about
Fell my legs start to go
We're gonna rock this disco (disco!)

Baby see me say hello (Ohh!)
Do you wanna flow (flow!)
Pop the bottle and let's go (go!)
We're gonna rock this disco (disco!)
When you seem funky now (ow!)
Shake your booty about (about!)
Fell my legs start to go (go!)
We're gonna rock this disco (disco!)

La la la la la la la, la la la la la la
La la la la la la la, la la la la la la (We're gonna rock this
disco)
La la la la la la la, la la la la la la
La la la la la la la, la la la la la la (We're gonna rock this
disco)
