Ooo, uh uh

I don't know where I am with you
Struck down and mad like Betty Boo
I'll go along for the ride dear
It must be something serious
'cause when we kiss it makes me blush
and you've been spending more time here

That's what you do
Keep me confused
Crazy as it all may seem
And why aren't you
when I am thru
You say you gotta thing for me

Uh uh

It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off
It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off

This thing is quickening in pace
So strong like ho-ho pin on mace
It knocks me out with its power (pssst)

I guess I'll have to buckle up
Take in my heels so you won't stop
making more love every hour

You come and go
Won't let it show
Dreaming me to keep me keen
And now I know
I should let go
You say you gotta thing for me

Uh uh

It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off
It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off

Ooo
I don't know where I am with you (with you)
I don't even have a clue
I'll be running after you
Scuffing up my brand new shoes
I'm leaving you
Don't you realize what you get
Always blowing cold and hot
When your gone I never stop

It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off
It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off

It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off
It's your love, keppin' me guessing now
Your love, unpredictable
Your love, like a rodeo horse I don't wanna get off
