So I'll stay until summer  
Before the leaves come falling down  
Only stay until summer  
Coz I ain't the kind who sticks around

Way to go, think I broke another heart, another home  
Cutting loose, down the tools, one more excuse to be  
alone, alone

Nothing is sacred  
If you don't make it  
Don't think I was made  
For loving

So I'll stay until summer  
Before the leaves come falling down  
Only stay until summer  
Coz I ain't the kind who sticks around

Say goodnight, travel light, and leave no trace along  
the way  
Same old trees, different dreams, another reason to  
escape, to escape

Don't be mistaken  
Shadows are vacant  
This one ain't made  
For loving

So I'll stay until summer  
Before the leaves come falling down  
Only stay until summer  
Coz I ain't the kind who sticks around

Tell you I'm nothing  
Nothing to cling to  
Nothing is easier than this  
I'm giving you nothing  
Why would you do this  
Why would you do this to yourself?

So I'll stay until summer  
Before the leaves come falling down (Stay now, baby)  
Only stay until summer  
Coz I ain't the kind who sticks around

So I'll stay until summer  
Before the leaves come falling down

Oh my God  
An oh my God  
(repeat till end)
