Violent arrival into the enemies village
Tlaxcaltecas must pay now our tribute...
With warriors and young virgins...
To our War God, they are captured!

They don't know that to the glory we march
Then they try to defend their people

But they are fighting against eagles and jaguars!
They can't fight against our mighty forces!
They don't know that to the glory we march
Then they try to defend their people

There are a numerous army,
But we're the sons of the warsungod
Huitzilopochtli lead us now
Proud and victorious we must march!

Burning alive in their houses
Grabbing the survivors as prisoners
Crying begging desperated
They know that soon will be sacrificed!

When we get back to Mexico Tenochtitlan
There they'll celebrate our deeds
We bring hearts to our sacrifice
Ixpuxteke... In your name we'll lacerate our genitals!

Mexicas... race of warriors!
Mexicas... destroying the enemy!
Mexicas... we must get it to the ritual!
The war is now soon to end
More than ten thousands prisoners
The invasion has been succes
The temple will paint in pure blood red!
Legions run now back to the empire
They must show the slaves!
The empire is so powerful!

... We don't need alliads!

We must rise mexicas... The empire needs for servers!

We must rise mexicas... Proud sons of war!
We must rise mexicas... Hearts to the empire!

Ten thousands scenes of death and destruction!

Mexicas... race of proud warriors!
To Huitzilopochtli, we must get the empire!
Warriors, enemies, must die proudly!

Mexicas... race of proud warriors!
We must give to our people blood and death!

Mexicas... race full of proud war!
