Visit "[Ofrenda](#)" on MotoLyrics.com

Surrounds in the valley
Screaming from thousands warriors dead...

The soul of the warrior who came
To conquer and feed the sun

With live offerings to pay cult to...
Lord of together and near!
Omet̃otl
Omet̃huatl

Nuestro sẽor dualidad
Accept the blood offering
That I'm raising up for you
I'll boil the fallen bodies
To extirpate bones from the flesh
Devour the flesh with me
... lords, priest and witchkings!
... raise the offering up!

Conquer and feed the sun
With offerings to pay cult to...
Omet̃otl
