...chaos!

Lord of the winds...

Black knife...

600 serpents heads haunting  
400 southern stars rounding  
One voluptuous princess conspiring!

... the new heir will rise as a King!

Raise your arms to the stars  
Open the immortal portals  
Let them cry and wonder  
Where you came to conquer

... Kill!

... Lord rise as a King!

Heir will rise as a King!  
Raise your arms to the stars  
Raise your arms to the stars  
Open the immortal portals

Raise your arms to the stars  
Raise your arms to the stars  
Raise your arms to the stars  
Open the immortal portals
