You scum
Peons and servants bow your heads at our sight
Lascivious front of hate
To appall our enemies with our head's greed
Destroy all their reassurances
Then we stroll our imponent magnitude
We're the slaves dominators...

Whimsicall and cantakerous
Heroes of intolerance and hate crimes
Surrenders of the lies
Bastard christian lies

Repress mercy feelings
Dominate and extirpate your filthy way of life
We will ruin your reality...
To your begs we do not have ears
Into our tyranny you will serve us as an slave
We're the slaves dominators...

Whimsicall and cantakerous
Heroes of intolerance and hate crimes
Surrenders of the lies
Bastard christian lies

Ragged slave to serve our aberrant orders
We're the slaves dominators...

Destroy... Kill...
We're the slaves dominators...
