Terrible scream from the nine faucets primeval beast  
Eighteen bodies beast, the black sea reptile-serpent-  
fish  
That voracious seals through an empty blackened sea  
To lustily create the original chaos to Domain!

Obey Serpents twins commandments from thee  
Obscure shining mirror is thee  
Mountains heart clothing jaguar skin

Terrible scream from the nine fauces primeval beast  
Eighteen bodies beast, the black sea reptile-serpent-  
fish  
Obscure shining mirror is God's name  
Who order to destroy Cipactli  
Beasts colliding in sphere war!

... in sphere war!

... beast!  
... chaos!  
... life!

Emblematic divine obsidian knife  
Screaming with his majestic cutting black wind  
Dictating to destroy the black sea reptile-serpent-fish

Terrible scream from the nine fauces primeval beast  
Eighteen bodies beast, the black sea reptile-serpent-  
fish  
That voracious seals through an empty blackened sea  
To lustily creates the original chaos to Domain!
