...War!
... Unmercy nuclear attack!

Weapons and hate: Destroy!
There are their towns... now release the bombs!
Liberate my sight of those who embrace an idiot God
... maim all them, don't let them go!

War... of hate!
Revenge against those who offend our mighty throne...

Weapon of hate: Destroy!
There are their towns... now release the dogs!
Against that filthy human scum...
Release the bombs!

Warriors of death; marching to maim
... aztec war metal attack!

Nuclear attack... unmercy aztec war metal attack!
Warriors of hate... nuclear attack!

... Destroy!

War... of hate!
Revenge against those who offend our mighty throne...

Weapons and hate: Destroy!
There are their towns... now release the bombs!
Against that filthy human scum... release the bombs!

Warriors of death; marching to maim
... aztec war metal attack!
... aztec war metal attack!
