I know I'm everything a boy wants to have in a girl
I'm the princess on the prom
I see the boys are looking me as I move across the
floor
but I'm dancing just for you

(Chorus)

If you have eyes for me
If I can make you see
Is time to long to we
baby, I could be your Stockcity girl

And every rude boy in this town
wants to ask me out tonight
But they just wont stand a chance
Cause I've got something in my dress that
I'm keeping just for you
That no one else will ever see

(Chorus: x5)

If you have eyes for me
If I can make you see
Is time to long to we
baby, I could be your Stockcity girl
