If you can't get that girl off your mind  
It's gonna drive you crazy, yeah

You're gonna go blind, you're gonna change your mind  
You'll find another girl

Walking around, you feel so down  
But pick yourself up friend it's OK

They come into your life and then they walk away  
They're gonna leave you some day

They come into your life and then they walk away  
They're gonna leave you some day

Old Mr. Glover sits there with his wife  
He's getting kinda old and he's wasting his life

He's watching television through his bottleneck glasses  
And his little whiskey's by the chair side

She doesn't love him anymore  
Her plastic eyes can't see to the floor

Pick yourself up Mr. Lonely  
That girl's gonna get so old and grey

One day, one day  
One day, hey hey!

To me  
Don't rely on them for love  
Oh, no, don't rely on them for love

Forget that girl  
She's only gonna bring you down

Forget that girl  
She's only gonna bring you down

"What you gonna do, it's game over man"

Come on!

Can only save you with some day

Did she really love you all that much, anyway?  
I don't think so

Did she really love you all that much, anyway?  
I don't think so

Did she really love you all that much, anyway?  
I don't think so

Did she really love you all that much, anyway?  
I don't think so

Love is a  
Love is a  
Love is a  
Love is a
