Operation Double-E (x5)
We still like it now, and we liked it then
Operation Double-E
If they won't give it to us, then we'll give it to them
Operation Double-E
We've been to Mars
all around the solar system
And we've never found
quite a planet like this one
Oh, we tried to be nice
But obviously they won't listen without a fight
We still like it now, and we liked it then
Operation Double-E (Operation Double-E)
If they won't give it to us, then we'll give it to them
Operation Double-E (Operation Double-E)
They need to look
in the right direction
If they don't see
we'll have to use our operation
Oh, they better go to full alert
Because if they don't someone's gonna get hurt
We still like it now, and we liked it then
Operation Double-E (Operation Double-E)
If they won't give it to us, then we'll give it to them
Operation Double-E (Operation Double-E)
It's kind of sad
With their "hello"s and their "peace man"s
But it makes me mad
It's their stubborn personality that we can't stand
We still like it now, and we liked it then
Operation Double-E (Operation Double-E)
If they won't give it to us, then we'll give it to them
Operation Double-E (Operation Double-E)
We still like it now, and we liked it then
Operation Double-E (Operation Double-E)
If they won't give it to us, then we'll give it to them
Operation Double-E (Operation Double-E)
Operation Double-E
