It's been a long time coming
As you shed a lonesome tear
And now you're in a wonder
I wonder what you're doing here
The flame no longer flickers
You're feeling just like a fool
You keep staring into you're liquor
Wondering what to do

I don't hardly know you
But I'd be willing to show you
I know a way to make you smile
Let me touch you for awhile

I'm gonna ruin my black mascara
You're drinking whisky when it should be wine
You keep looking into that mirror
But to me you're looking really fine

I don't hardly know you
But I'd be willing to show you
I know a way to make you
Laugh at that cowgirl as she's walking out your door
I know a way to make you smile
Just let me whisper things you've never heard before
Just let me touch you, baby
Just let me touch you for a while

I don't hardly know you
But i'd be willing to show you
I know a way to make you smile

It's been a long time
Let me touch you for a while
