Would I lie?
Not this time.
Wish that I could rewind back to that night,
I'd get it right, we'd never start falling apart.
I'd find a way to make you stay
For one more day, one more day,
I've got so much to prove I'll make it up to you.
One more day, with you
No excuse, what's the use?
Here's the truth, I need you
To come take me back, give me a chance,
I'll settle down, I won't play around.
What can I say to make you stay?
For one more day, one more day
I've got so much to prove I'll make it up to you.
One more day, give me
One more day
One more day
All that I really need
Is for you to give me
One more day
With you, with you
You look up at my face
And know that you need, need me to stay
For one more day, one more day
I've got so much to prove, I'll make it up to you
One more day, give me
One more day
One more day
All that I really need
Is for you to give me
One more day
With you, with you
Would I lie?
Not this time
Wish that I could rewind
