Since the last time  
you say goodbye  
All my life is stood around  
Everyday is upside down

Since the last time  
you ride away  
Every truth is hard to take  
I'll be over you, so...

Yes, I was proud and I was wrong  
People thought that I was wrong  
Now I know, it's an illusion  
'Cause without you I can't go on  
I cannot face my life too long  
By myself I wish to turn the page

Since the last time  
I hear the voice  
All my music is turn around  
and I can't hear the sound

Since the last time  
I hear the voice  
Everyday is a lonely day  
I'll be over you, so...

Yes, I was proud and I was wrong  
People thought that I was wrong  
Now I know, it's an illusion  
'Cause without you I can't go on  
I cannot face my life too long  
By myself I wish to turn the page

Yes, I was proud and I was wrong  
People thought that I was wrong

Now I know, it's an illusion  
'Cause without you I can't go on  
I cannot face my life too long  
By myself I wish to turn the page

I wish to turn the page  
I wish to turn the page
