For you (for you), for you (for you), for you (for you)
And I , and I, and I
(for you, for you)
You need a second life
Oh oh oh right now
You need a second life
Oh oh oh for you... and I

Here... I am... alone... again
I... don't know... where love... has gone
You made... me high... then made... me cry
So save... a prayer... for me... 'till another begins

Give me a second life
Oh oh oh right now
I need a second life
Oh oh oh for you... and I
I need a second life
Oh oh oh right now
Give me a second life
Oh oh oh for you... and I

Here... we are... alone... so far
We... don't know... what we... are here for
We've lost... our dreams... in psychotic schemes
War heroes made... their plan... the world burns up in
flame

Give me a second life
Oh oh oh right now
We need a second life
Oh oh oh for you... and I

We want more than the wars of our fathers
And our hearts inside scream for a second life
We want more than the wars of our fathers
(and our hearts inside, and our hearts inside)
(and our hearts inside) scream for a second life

Give me a second life
Oh oh oh right now
I need a second life

Oh oh oh for you... and I
Give me a second life
Oh oh oh right now
Give me a second life
Oh oh oh for you... and I
Give me a second life...!
