Oh what's the meaning
what am I feeling
tension, ascending
energy flows through like me fire
I'm guilty
and love every minute
what's this I'm hearing
something's appearing
your face calling me on
passion grows there is no limit
come here
now you're in it
soon
I will exchange this life for paradise
I've only one wish and that's to be here with you
Until the end let
the music play all night
strangers yet feeling so right
until the end
you know you please me
as you are
je veux danser avec toi
love shock exploding
when you are holding
me so tightly
I feel I know what you're thinking
wanting me
now you're sinking
feeling the base
the temperature races
building
It fills me
now we are body to body
to let you go would surely kill me
soon
we will exchange this life for paradise
I've only wish that is to end this dance with you.
Until the end let
the music play all night
strangers yet feeling so right
until the end
you know you please me

as you are
je veux danser avec toi
Until the end let
the music play all night
strangers yet feeling so right
until the end
you know you please me
as you are
je veux danser avec toi
