1.

Listen to me, hear my voice

I need more you know

sorry darlin i've no choice

I must go

Sense my spirit spread my Wings

I need room to fly

I care what my future brings

Hear my cry

Bridge:

Give me the sound of a different drum

I plan to seize the day

Here's my good bye to what might have come

Dance away

2.

Hear my temble, hear my tune

Let me lose control

Gods that hold my summer-moon

Like my soul

wash me in your warming seas

place me on the shore

rock me in your cooling breeze

for once more
