A ghost stole my love for Adeline (oh!)
And now I'm ridding the forgiveness of another dead
man
So would you let me know if I fell in the place of the
murder?
(Of the murder)

There is again the story by the children that don't born
That don't release, they used to die in a sea of blood

There is again the story by the children that don't
release
That don't release

Show me something, baby show me to love
Baby show me, show me somewhere your lust

Yes I swear you that I... that I had a disappointment
About your deportment, about your disappointment

Is not... your... time

Sure, that I've noticed your
Skill in the moment you'd touch me (NO!)
Is not your first time!
Yes, I swear you that I had a disappointment
About your deportment

Try my performance

You left me behind
In that place of war, in that place of war
And emptiness
The violence
Insanity for deportment
My deportment

Sure, that I've noticed your skill in the moment that
you'd touch me (x2)
Sure that I've noticed you
That I've noticed you(x2)

There is again the story by the children that don't
release
There's again the story by the children that don't born,
born
