The porch and the rooms
The stairs to my bed
The dog's in the room with her feet on her head
God she's so cute, ain't she a beauty?
She's wagging her tail, excited to see me
The roommates are gone
The house to myself
I'm missing a girl
It's bad for my health
God she's so sweet, ain't she a cutie?
She'd wait up all night, hoping to hear me

The northern star's still, chilly sea
Come my way
Come my way

Come my way

This morning my chest
It's in life, it's in death
It's gonna be a for a long time
I'll give it my best
Oh thank God I'm alive
And that's just the beauty
Oh God I'm alive, thank God I'm alive

The northern star's still, chilly sea
Come my way
Come my way
Come my way
Come my way
Come my way
Come my way

Come my way
Come my way
Come my way
