got a special way to recognise you
at the ringing of the phone.
couldn't sleep this time it feels
we really got a lot of things to talk .
are u with friends now?
do i bother?
maybe i'm taking just to long
about it .

Got a special way to make me feel like
the only thing you've ever wished.
You got a special way to make it seem
the only thing i'll ever be.
is it the same though?
the partying?
get it so illogical
so beautiful.

CHORUS

Feels like we really should decide to take a journey
'coming to your place.
there'll be no worries
there'll be nothing left to bother
just a changing place.
That i don't care the way all people
seem to have it
we will have it best.
spare some trust for this part of yourself.

got a special way to make it sober
after drinking for so long.
You got a special way to get it right
despite you got it all so wrong.
have you forgotten about it ?
maybe i'm taking just too long about it.

CHORUS

Feels like we really should decide to turn it over
changing all the blames.
there'd be no worries

there'd be nothing left to bother
just a changing game.
that i don't care the way all people
seem to have it
we will have it best.
Feels so good when
your loving is high.
