

All Or Nothing H.c. "There"

Visit "[There](#)" on MotoLyrics.com

I cannot believe all the dismay
Did you think that things have really changed?
Is it that you are so naive, or that you really just don't
care?

You're hanging around, thinking things will change
But the more they change the more they are the same
You're hanging around thinking things will change
But the more they change the more they are the same

There is no justice
There is no justice
There is no justice here

Tell me how it doesn't affect you
Tell me how it's just an isolated incident
Tell me how you just don't have the time
Until it all happens to you

Why would it work
When it's never worked before
"Lets burn all the witches,
Lets beat all the whores"

There is no justice
There is no justice
There is no justice here

You're hanging around thinking things will change
But the more they change the more they are the same
