I would walk through a wall  
A thousand times or more  
Just to see your delight

Cause I'm lost on the cause  
Been locking all my doors  
Never fear, never die

In the dust of the horizon  
Maybe one day we'll sip champagne  
Will you join me on the rampage?

With the rainfall and the heartaches  
Maybe one day we'll show this world  
We could stand tall on the front page

As we slide on the breeze  
The unsung melodies  
They make us laugh, they make us cry

And as you soar next to me  
I enjoy your company  
Never fear, never die

In the dust of the horizon  
Maybe one day we'll sip champagne  
Will you join me on the rampage?

With the rainfall and the heartaches  
Maybe one day we'll show this world  
We could stand tall on the front page

Now when we're strong we'll let em know  
We'll tell them of this hope  
Never fear, never die

Join me on the rampage  
Maybe one day we'll sip champagne  
Stand tall on the front page  
Maybe one day we'll show this world

Join me on the rampage  
Maybe one day we'll sip champagne  
Stand tall on the front page  
Maybe one day we'll show this world

When our two worlds collide  
No one can ever deny  
We'll never fear, never die
