Seeing you from my window,
This place is under my skin,
I watch the beat of the people,
Then I begin!

Looking at to the key hole,
I gaze it up to the stars,
Of all the places that we know,
Bets place is ours!
And while we all we're still waiting,
Relaxing under the sun,
The future is hours so let's take it,
Our time is gone!
Cause we come back to...
All the dreams we never know

Chorus:

They say it's a matter of time
Before our love is all lost on the motorway
Your soul is as deeper as you see,
I can't tell you I see another way
They say it's a matter of time
Before our love is all lost on the motor
Yeah, yeah, yeah!

The smoke in trenches is landscape,
Is now the fall for my heart
I'm home and on for a new day,
I place the...
The absolute where I see you,
Give me a chance with this girl,
A chance is all that I ask for to change the world!
Cause we come back to...
All the dreams we never know

Chorus:

They say it's a matter of time
Before our love is all lost on the motorway
Your soul is as deeper as you see,
I can't tell you I see another way
They say it's a matter of time
Before our love is all lost on the motorway

Yeah, yeah, yeah!

I'm coming to your world,
I'm coming!
