Life is a bound  
The nights are very incredible  
Bound is a life  
The landscapes are memorable

Soul is a life  
And a soul is a bound  
Soul is a life  
And a soul is a bound

Ah, moonlight on winter flour  
Silent steps on sparklin' hours

Silvery fox is walkin'  
Here's a real queen  
Through the black trees  
Another soul in the night

Can be we friends?  
And can we talk?  
Give me a start  
Listen to the heart

Life is a bound  
The nights are very incredible  
Bound is a life  
The landscapes are memorable

Soul is a life  
And a soul is a bound

Ah, moonlight on winter flour  
Ah, moonlight on winter flour
