

## Paolo Conte "That's My Opinion"

You want me, you call me  
To play... to be...  
Collection? Election? Or jealousy?  
We are so nice together... so tenderly...  
But youre so true when you are free... dear,  
Thats my opinion: the world is mad  
On the Grand Canyon  
Skys turning red  
Another country, other places...  
A plane is racing in the spaces...  
But my opinion, my gentle thrill,  
Is not important...  
What a spinning wheel!  
Another feeling to play... to be...  
Wild as that deep blue sea!  
You want me  
To play or to be  
But you call me, dear...
