You say know yourself  
I get the feeling you don't know too well  
Sayin' that I ain't never been on the ground  
Or had to go it alone  
When you know very well

If you look and see  
Yeah I'm crazy but that's just me  
I need a moment won't you let me be  
Let me breathe  
What the hell you want from me?

I see your face  
And I know you really wanna stay  
But I can understand  
We're not the same  
It's a whole new game  
Wish there was an easier way

Can it be, that I'm resorting to insanity  
From all the games that you play  
Then you push me away  
Oh, you're making a big mistake

You tell me that you know better  
All the reason we should never  
Be together this life, ever survive  
Get off the ground and work it out go undefeated or  
pull through  
I don't want you, want you  
To tell me what you can or I can't do  
Cause if you believe in something  
The word no means nothing  
We could start it again where it began  
Think we should

Tear down this place  
Every brick  
Every piece of rubble  
We'll walk this road  
On our own, we don't never no other  
Don't lie you know that it's true

We could be the best  
We could be the best

And live forever...

I won't believe  
That I'm seeing things it's not just me  
They tell you how to walk like them talk like them  
Woahh... but what do they do?  
Try to twist you round and change you  
Say to give up yourself  
There ain't no one else  
I'm coming back to save you

You tell me that you know better  
All the reason we should never  
Be together this life, ever survive  
Get off the ground and work it out go undefeated or  
pull through  
I don't want you, want you  
To tell me what you can or I can't do  
Cause if you believe in something  
The word no means nothing  
We could start it again where it began

And live forever...
