I can't say that I'm too young  
I can't say that I'm too wise  
But I'm the luckiest one  
When I look into your eyes

I know that the feeling's sharp  
When you give away your heart  
The poles will be melting down

We knew right from the start

Everybody wants to be loved by the loved one

But if it stops you feeling free  
I hope you tell me

I know the feeling's rough  
I don't know much about love  
But this I see

I can say romance won't last  
I can say life changes fast  
But what I never can say  
Our love was stronger in the past

I know that feelings grow  
Even when it doesn't show  
The rain still keeps falling down  
As water drops or snow
