Hold on now I'm choking
Give me a second to collect myself
You must be joking
Otherwise I'm laughing to myself
Why you here again
Hold on a minute, let me check this out
Your invitation's a fake
Must be from a take it out
I hear you out, hear me out
I hear you shout, I'm now stepping out
I hear you out, hear me out
I hear you shout, I'm now stepping out

[Chorus:]

Let away fairy tales and, little white lies
Everything you exhale is attracting flies
And we can go up the rails and you can cry your eyes out
But everything you exhale is attracting flies

Please stay it's your moment
I'll give you all the listening that you need
Don't be so mean
Who needs the drama, who said you have to bleed
I'm excited, come on surprise me,
Sweep me off my feet
Oh enlighten me, what is special thing about you I need
I hear you out, hear me out
I hear you shout, I'm now stepping out
I hear you out, hear me out
I hear you shout, I'm now stepping out

[Chorus]

How did you think you know when you stop igniting
You know my heart right and you had me aching
How about a piece of your own medicine
Know you're outside there trying to get in
Baby, what would I care if you want me
Baby, what would I care if you don't
Baby, what would I care if you need me
Baby, what would I care if you don't

[Chorus]
