Eyes are dancing, mine are glued in
What's your name? How you doing?
I ain't got no problems
My problems ain't got no name
With my hair back
I ain't got back
Take the time
Cause I've gone blind
TV Movies -- made for TV
Remember me
Timing manners and minding movements
Where you get those eyes? How'd you get to Newark?
I ain't got no problems
Wish I knew her
She's my best friend
Time to lose her
Here we go again
TV Movies -- made for TV
Remember me
When you're gone
