I hate the lies
Why can't I die now
You hate me that's simple enough
Why can't I change I've had a previous life
But death is near
Oh please kill me now
Oh woah yes it is true why can't I die
For I hate hate...
[Ripping]
Darling wat is going on
Why don't you love me
Why is it so wrong
Why is life so difficult
Why wont you answer my cry
For I hate the lies
There over
Imperfection sweeping over every aspect of you
I love you
But you hate me
Why are we so wrong
Now the pain hurts me
Even worse
Ohwoah
Life isn't perfect so why do you try so hard
