Somewhere deep inside your heart
there is a place your dreaming of.
As a world where people live
in harmony for eternity
so far away.

Emporio, we feel the power of Emporio.
We will discover all the strange
inside and do it right
Emporio

This is the magic of the fight,
here is the hero of the night.
Of tomorrow and forever.
Is their brand new kind of fewest hide again,
when things go wrong.
People are fighting for a freedom in this world
and never stop we are growing of.

Emporia we feel the power of Emporio.
We will discover all the strange inside
and do it right.

Emporio
This is the magic of the fight,
here is the hero of the night.
For tomorrow and forever.
Everyone has things looking forward to,
with things to do.
Like me and you.

No matter if we win or loose we will not forget.
Their is a tomorrow.

Emporio
we feel the power of Emporio.
We will discover all the strange inside and do it right
Emporio
This is the magic of the fight ,
here is the hero of the night
