[verse 1]

The way he moves

The way he dress

The way he speaks

When he's depressed

I'm never bored

He says reality's a fraud.

The way I'm lying to impress

Ain't even in his interest

Don't get the deal

I tell myself my dream is real

[chorus]

when it's all done

done done done

in a second

he's gone gone

and everything he felt

is back to being numb

when it's all done

done done done

in a second

he's gone gone

he said that's what he felt

and I am just that dumb

[verse 2]

The way I'm lying to myself

ain't even in his interest

don't get the deal

I tell myself my love is real

[chorus]
when it's all done
done done done

in a second
he's gone gone

and everything he felt
is back to being numb

and when it's all done
done done done

in a second
he's gone gone

he said that's what he felt
and I am just that dumb

[verse 3]
oh you should know that
nothing compares with you

oh you should see that
when all I see is you

oh when I touch them
you should know all i feel is you

oh you should know that
nothing compares with you
with you
with you
with you

when it's all

[chorus]
when it's all done
done done done

in a second
he's gone gone

and everything he felt
is back to being numb

when it's all done
done done done

in a second
he's gone gone gone

he said that's what he felt
and I am just that dumb
