I think u still like me  
This is what I think about while I sleep

When I see ur face  
I see pain without a trace  
in any case  
I still like u  
I think i love  
maybeits just a word from above  
no matter wat  
will u stand by my side  
will say somthing  
then later i find out u lied  
would u marry me if i changed  
DO u think im a little derange  
I can be a little wired  
I admit  
to this  
but please tell me now  
wat u feel about me  
cause if u don't feel the same way  
I feel about u  
I don't want to be hurt as much  
as if u waited  
and got me exited  
kissed me once, twice, wat?  
then all the sudden  
goodbye to u?

Well later on in life  
where will u be  
will u be the same charmer to me  
my mother liked u  
my father never met u  
but its okay  
right  
I wanted to go out with u  
I do  
I do  
Iduoo  
But i can't  
am i good enough to wait a year

no not even a year  
a little less  
well let me fit it in a book  
I love ur smell  
and the way u look  
I don't like no other  
Well im sure thiers more  
But please i want the honesty  
tell me the truth  
please make the decision  
choose
