u used to love me for me

now u expect me to take this negativity

u never want my company

no more

u can't even look me in the eyes

not even to say goodbye

now i see

how it is boy

u just don't call me no more

u can't even walk near me

why don't u call me on the telephone now

I just don't understand

no more

Bringing me down to the floor

Im not worth a useless chore no more

If u love me for me

then i would see

but i don't see it

is aint clear

is this ur fear

that u can't even be near m,e

I liked the way u used to smell

the way u used to tell

me things

now u yell

this is emotional abuse

109degrees

call the police

wait wats the # again

I don't even understand no more

that u treated me nicely before

now u don't even touch me

I can't stand it

I can't breath

escape me

from this useless dream

of never never ending please

its a fairyland

its so scary

that i don't know when to stop

for the drop

to the top
off the hop
r u a cop
FBI
because everythings so secretive
u can't tell me anything no more
