(Verse)

None of my friends are cool,
I ain't got nothing to do without you.
Everyday feels the same,
Won't you come back again and make it new?

(Chorus)

There's no one that compares to you
And I want you.
I don't want to waste another day,
I just want to be with you.
Won't you come and take me all the way?
I just want to be with you.

(Verse)

Day turns into night,

By your side is where I ought to be.
Never think disappear,
Nobody else is here, just you and me.

(Chorus)

There is no one else like you
And I love you.
I don't want to waste another day,
I just want to be with you.
Won't you come and take me all the way?
I just want to be with you.

I don't want to waste another day,
I just want to be with you.
Won't you come and take me all the way?
I just want to be with you
