I never thought that I could feel this way,
Am I dreamin'?
You took away my tears and you
Helped me achieve the art of breathing

I promise you Â– I will love with every
Breath that I take
For better or worse, we will take this
Leap of faith
I promise you Â– I will give you all of myself
I promise you Â– I'll stand beside you everyday
I promise you

With these hands I'll try to build these dreams
We can believe it
And in our palace you will reign my king, the stars
Are kneeling

I promise you Â– I will love with every

Breath that I take
For better or worse, we will take this
Leap of faith
I promise you Â– I will give you all of myself
I promise you Â– I'll stand beside you everyday
I promise you

I promise you Â– I will love with every
Breath that I take
For better or worse, we will take this
Leap of faith
I promise you Â– I will give you all of myself
I promise you Â– I'll stand beside you everyday
I promise you Â– I got a reason now to stay
I promise you

I never thought I could feel this way, am I dreamin'?
