The journey of life is a delicate task
It has many twists and turns
Progress is fading and sinking real fast
Aimless with nowhere to run
The weight of the stress it discolors my skin
I'm blinded by my tears
I crawl up these walls that surround me now
Familiar scenes unfold

Life it can change in the blink of an eye
Tragedy comes with no warning sign

Shattered dreams – broken pieces of my life
Dreaded scenes – how can I fix them or my life, again

When youth was upon me, an angel appeared
And said I'd never be alone
Now my life moves before me, with chilling details
As I face death on my own

On my own... On my own...

They know there's something, that's growing inside
Their faces show, concerns they cannot hide

Their whispers bring on silent screams
Misfortune brings on, brings on shattered dreams

Hear the voice of wisdom
Message in the light
I curse the family tree that has brought
On all this plight

Driven by this silent voice, driven by my eyes
I curse the hands of time that are tearing me apart
Now as I exit the maze of discern
I enter the crossroads of life
There is no time for penance or pity
The truth I can't deny

Life it change, in the blink of an eye
Tragedy, it comes with no warning sign

Shattered dreams Â– Broken pieces of my life
Dreaded scenes Â– How can I fix them or my life?
Shattered dreams Â– Broken pieces of my life
Dreaded scenes Â– How can I fix them or my life,
again?
