I saw you last night
Sittin' alone at the bar
Came back this evenin'
Just to find out who you are

Cause baby, baby
You hit the nail right on the head

I can tell you're from down south
The way you say ya'll
You look at me over your shoulder
Just like Lauren Bacall

Oh baby, (baby, baby)
You hit the nail right on the head

Well I like the way you chuckle at me
I just love the way you hold your gown
It's pretty good matter
To just stagger over here
We'll couldn't we find a place where
There's not so many people around

Come over here, baby
Let's dance and I can sing
Wrap yourself around me
Just like a...a yoyo string

Oh baby baby...mmm...baby baby

Come on over, baby
Come on up to my place
I got something up there, darlin'
Wipe that smile right off your face

(Oh baby baby...mmm...baby baby)
You hit the nail right on the head
Oh ummm

Curls in your hair
Cut me like a knife

Sometime later on, baby
You're gonna hafta tell me
The story of your life

(Oh baby baby...mmm...baby baby)
You hit the nail right on the head
Oh baby
(Oh baby baby...mmm...baby baby)
You hit the nail right on the head

Oh hey baby...yeah!
