Some people might like to get a train to work  
Or drive in in a beamer or a murc  
Some guys like to travel in by bus  
But I can't be bothered with the fuss today  
I'm gonna take my bike  
Cause once again the tube's on strike  
The greedy bastards want extra pay  
For sitting on their arse all day  
Even though they earn 30k  
So I'm standing here in the pouring rain  
Where the fucks my fucking train!

London underground (london underground)  
They're all lazy fucking useless cunts  
London underground (london underground)  
They're all greedy cunts  
I wanna shoot them all with a rifle

All they say is please mind the doors  
And they learn that on the two day course  
This job could be done by a four year old  
They jus leave us freezing in the cold

What you smell is what you get  
Burger king and piss and sweat  
You roast to death in the boiling heat  
With tourists treeding on your feet  
And chewing gum on every seat

So don't tell to mind the gap  
I WANT MY FUCKING MONEY BACK

London underground (london underground)  
They're all lazy fucking useless cunts  
London underground (london underground)  
They're all greedy cunts  
I wanna shoot them all with a rifle  
Lalala lalala

The floors are sticky and the seats are damp  
Every platform has a fucking tramp  
But the drivers get the day off when

We're all late for work again

London underground (london underground)

Wa wa wankers

They're all wankers

London underground (london underground)

Take your oyster card

And shove it up your arse hole
