Yes, baby, I know you
I see you back standin' by me
You say your leavin's
Got nothin' to do with lovin'
Oh, but my tears still flow
I can't talk to you, hand's are shakin'
I keep on pacin' 'cross the floor
Oh I should be prepared
Try to prove that I don't care
Oh, but my tears still flow
Oh my Oh my Oh my Oh my
My tears still flow

Yes I hear what you say, baby
Yes I know we both need room to grow
When you say let's be adult about this
Come here and give me one last goodbye kiss
Oh, but my tears still flow
Oh my Oh my Oh my Oh my
My tears still flow
Still flow
My tears still flow
Oh
My tears still flow
Oh
My tears still flow
