After you got rid of me
Who will your next fool be?
I know I know I know I know I know
There's some things he ought a know
About the girl I love
Cause after all is said and done
You can't be satisfied with any one
After you get rid of me
Who will your next fool be?

Will he believe all of those lies
Will he be left just like me
Tears in his eyes
I know I know I know I know I know
Cause I wanna be the one to tell him so
After all is said and done
I know you can't be satisfied with any one
After you get through with me
Who will the next fool be?
After all is said and done
I know you can't be satisfied with any one
After you get rid with me
Who will the next fool be?
