We pray that peace will return
Will take hold and last forever
We ask the young people of our country
To unite in working for peace in Casamance

Kamalemba, Kamalemba, Kamalemba

To lose one's father and mother
Is a total tragedy
All for a war without end
We ask the rebel leaders

To seek an agreement with the politicians
So that peace can return to Casamance
We ask the religious leaders
To pray in perfect harmony

So that peace can return to Casamance
We ask our young people
To work together
So that peace can return to Casamance

Kamalemba, Kamalemba, Kamalemba
