It's only been two weeks  
And you're more than just OK to me  
My friends thinks you're great  
I guess we'll have to wait and see  
I stay up at night  
Thinking about your smile  
Wondering what it'd be like  
If you stick around a while

[Chorus:]

Would you listen to me  
Ask me questions  
Kiss me in front of your friends  
Would you tell me how you feel  
Or will you keep me guessing  
Just use me up  
And move on again  
I want to trust my heart  
But it's hard to believe  
Tell me  
Would you make it easy on me

Been down this road before  
Too fast, too soon  
For now I'm driving slow  
But I'm headed straight for you  
Looking down this highway  
I'm losing my resistance  
Wondering should I turn back around  
Or take a chance on us

[Chorus:]

Would you listen to me  
Ask me questions  
Kiss me in front of your friends  
Would you tell me how you feel  
Or will you keep me guessing  
Just use me up  
And move on again  
I want to trust my heart  
But it's hard to believe

Tell me  
Would you make it easy on me

If I give you my heart  
Hold it carefully  
Tell me  
Would you take it easy on me  
Baby would you make it easy on me

It's only been two weeks  
And you're more than just OK to me
