Look around, hear go

People died
When the other man lied
See the TV look around
Hear go the sound of the wreckin' ball
Boom

And I, boom

Booom

I testified (x4)

Shirts around

Booom

I testified
My mama cried
Black people died
When the other man lied
See the TV look around
Like shirts it hurts
Wit a neck to wreck
Look around
Hear go the sound of the wreckin' ball

I testified
My mama cried
Black people died
When the other man lied
See the TV look around
Like shirts it hurts
Wit a neck to wreck
Look around
Hear go the sound of the wreckin' ball
Boom

Boom

Look around

Hear go the sound of the wreckin' ball
Boom, boom and Pound
When I
Shut 'em down

Look around
Hear go the

People died
When the other man lied
See the TV look around
Like shirts it hurts
Wit a neck to wreck

People died
When the other man lied
See the TV look around
Hear go the sound of the wreckin' ball

And I
Look around (x7)
Hear
Look around
Hear go the sound of the wreckin' ball
Boom, boom and pound
Boom
Shut 'em down

And I
Look around
Boom
